## A WORD FROM OUR NEW PRESIDENT

During the 3rd Quarter, RELYANT has once again

exceeded expectations. We have been awarded 26 more contracts valued at over \$7M. As we gear up for the 4th Quarter, I want to express my sincere gratitude to all of you

on our RELYANT team for helping us achieve our goals.

–Dan Smith

## NEW SERVICE LINE for RELYANT, Steel Frame Construction

---

With the addition of the FrameMaster F300i Roll Former, RELYANT's established construction service line has expanded to include the most advanced steel frame design/build solution available in the industry. This technology is engineered for rapid, high volume production of cold-form steel framing, with high accuracy. This proven system has been used successfully in design/build projects all around the world, and is recognized by our U.S. Government clientele as both efficient and reliable. This technology

## ...Continued Steel Frame Construction

has been developed to be mobile, economical to operate, and 100% reliable. It effectively facilitates the completion of a diverse array of building styles

from a single steel profile, maximizing efficiency and reducing waste to less than 1%. This high performance technology is designed for the manufacturing of framing and trusses for a wide range of residential, commercial, and multi-story structures. RELYANT is excited to offer this new technological capability.

## ENVIRONMENTAL REMEDIATION

In addition to its esteemed Munitions Response Program, RELYANT provides retrieval, containment, packaging, and disposal of hazardous waste and certain non-hazardous

wastes, including on-site assistance in emergency first response clean-up efforts and the international transportation/disposal of waste products. This service line provides cradle to grave environmental remediation services to include Sampling and inspections. To identify/quantify HAZMAT, RELYANT provides inspections and sampling services that are expressed in terms of data precision, accuracy, completeness, comparability and representativeness.

This service line provides cradle to grave environmental remediation services to include sampling and inspections which are expressed in terms of date precision, accuracy, completeness, comparability and representativeness in order to identify/quantify HAZMAT. RELYANT utilizes sound industrial practices in the planning and implementation of Environmental Remediation projects.

Activities such as investigation, testing, mobilization, site prep, deactivation, hazardous material abatement, stabilization, equipment and material removal, demolition, waste transportation demobilization efforts, and consulting are just some of the services we can provide. ( change the end to say "we offer" instead of "we can provide")

*RELYANT to sponsor a Golf Event in conjunction with the USACE M2S2 Workshop in Huntsville, Alabama on December 6, with all proceeds benefiting the "Wounded Warrior Project." Look for more details soon.*

# RELYANT sponsors the PROUD TO BE AN AMERICAN PARADE

RELYANT was honored to sponsor the "Proud To Be An American" Parade in Maryville on June 12, 2011. "When we first started this event three years ago, we picked the time around Flag Day because the flag is a symbol of our

patritism," said Bethany Brown, Event Director. "This is a way to honor our country's veterans and our current military personnel and their families. A lot of these veterans have never been told 'Thank you' for their service, and they are

so surprised when people show appreciation for what they've done."

Each veteran in attendance received a red T-shirt in recognition of their service to this country which created a sea of patriotism that was a moving statement as it demonstrated their undying pride for this country. Parade organizers estimated that 300 – 500 T-shirts were distributed to these honorable service men and women. "You could tell who the veterans were," event director Bethany Brown said. "We had a lot of people there to thank our veterans. Everything went smoothly, and everybody had a good time," she said.

There were 70 entries in the parade, including RELYANT, Shriners, Disabled American Veterans, WIVK and representatives from various military organizations

such as the American Legion, the Women's Marine Association, the Knoxville Military Vehicle Club. There were also various businesses and a large number of individuals who drove their antique cars in the parade.

## RELYANT CELEBRATES

The RELYANT crew boarded the Star Of Knoxville for a dinner cruise to celebrate! Great weather and fun was enjoyed by all.

## RELYANT holds 3rd Quarter Board Meeting

The 3rd Quarter RELYANT Board Meeting was held in Tullahoma, TN on August 29-31. The

attendees included Dan Smith, Don Patton, Jack MacRae, Steve Anderson, Joe & Donna Amadee, Terry Collins, Bruce Offutt and Susan Lynch.

## Employee News
